

SMALES FARM BUS PLATFORM B EXTENSION Project Works

18 June 2021

Dear Residents,

Auckland Transport and its contractor Troy Wheeler Contracting are set to start the Smales Farm Bus Station, Platform B extension works.

When: 5 Months starting 25 June 2021

Time: 6am – 7pm – Day works

*Please note these dates may change due to unforeseen circumstances or weather conditions.

** Retaining wall works may be undertaken during night hours due to SH1 lane closure requirements. We will give you advance notice of any planned night works

Why are we doing this work and what is happening?

This will provide additional room, seating and shelter on the platform for passengers and provide future proofing for increasing bus journeys. The platform, shelter roof and walls will extend a further 16 meters Northwards. This work will include alterations and improvements to the existing barriers on the busway.

How will it affect you?

- This type of road work involves machinery which can create noise, vibration, and dust.
- We will maintain industry best-practice methods to keep any disruption to a minimum.
- A new traffic control layout for buses will be in operation during the works. Your cooperation in following the directions of traffic control staff on duty and our temporary wayfinding signs would be appreciated.
- The site will be fenced however for your safety, please keep young children and animals well supervised and clear of any work area.

If you have any queries or concerns about these works, please contact:

Greg Young, Troy Wheeler Contracting
